Launch a luxury liner
in your own backyard.

Introducing TetraPond Liners. Stronger, lighter, easier.

With increased flexibility and less hassle than conventional liners, TetraPond liners are the premium choice for today's water gardeners. Made from a newly patented material, **DuPont Xavan®**, TetraPond liners are twice as tear resistant, weigh two-thirds less and are more flexible than

conventional liners making installation easier. Backed with a 25-year guarantee,

TetraPond liners offer superior UV resistance and remain flexible even at -70° F. **TetraPond liners**—only the best for your water garden.
